<p></p>

<p></p><p>Sequels are as much a part of horror as any other ge

nre, so when Jim Vejvoda of IGN sat down , with Jennifer Kent, the question of

a "Babadook" sequel inevitably came up. Specifically, Vejvoda asked K

ent if she was afraid , that the stand-alone gem would become diminished by a

"sequel factory," and if she'd have control over an outside source

, making another movie. Fortunately, Kent confirmed that she and the producer

s own the rights to any sequels, so they'd have , the ultimate say. On tha

t note, she took the opportunity to shut down any speculation we shouldn't

expect "The , Babadook 2." As she explained, "The reason for t

hat is I will never allow any sequel to be made because , it's not that ki

nd of film."</p>

<p>It seems like Kent always knew "The Babadook" wouldn't ha

ve a sequel, and for good , reason. She went on to say, "It's just no

t what the film's about. It would destroy the integrity of everything , we

worked so hard to protect." That makes sense, as the film's focus is s

pecifically on the trauma of Emilia , and Samuel, a story that's now been

told. A sequel would dull the underlining meaning of the movie.</p>

<p>Sometimes, a movie , with a purpose like "The Babadook" is

fine standing on its own.</p>
