Should you buy it? You want a solid Call of Duty game

with incredible graphics: Modern Warfare 2 is a reliable title that

offers up more multiplayer modes than before as well as a somewhat varied campaign

mode. Playing on a next-gen console or PC will also show off

how graphically impressive this game truly is.

Latest Critic Reviews A somewhat dull

campaign will greet players of Modern Warfare II. It's a short

bombastic romp with some fun gunplay moments and fantastic graphics.

The multiplayer, however, is a miss as it is no longer a properly combined

entity and the lack of replayability is disappointing.
