<p></p><p>The year 2027 brought hope to a world on the brink of environmental and political collapse. On the last leg 🧾 of its funding, NATO's United Space Mission (USM) made a discovery on the moon that changed the course of human 🧾 history. A large alloyed sphere, found nestled in a crater under the lunar dawn, is revealed to be an alien 🧾 artifact containing a message for mankind. As an international team slowly deciphered the artifact, the content of this message began 🧾 catalyzing a huge leap forward in our sciences. Humanity was abruptly catapulted into a new interstellar age. There are those 🧾 who now believe we were not ready. Intense, fast-paced, team combat. Animation and camera control that make you feel like 🧾 a space marine...super human. Have it all: jetpacks, armor, hammers, swords, guns, bombs, in melee, ranged, and aerial combat. Tanks 🧾 smashing with hammers, deadly Scouts slashing their enemies down the middle with their katana, different jetpacks for every class create 🧾 dynamic aerial combat, Gunners sniping from across the map, and Tech healing and dueling while laying down turrets. Even throw 🧾 f-bombs! All class specific jetpacks allow you to hop and bound across the map gaining momentum and speed. Your team's 🧾 combined skill and coordination determine the winner of this tournament. Choose to fight as one of a growing cast of 🧾 classes battling in 10-20 minute matches. Please try it out, it is not like other shooters.</p>
