To win a round of Minesweeper, you must

click on the board every square that doesn't have a mine under it.

Once you've done so, the game will be over. If you accidentally click a square that has a mine beneath it, the game will be over. You'll have the

option of starting a new game or redoing the one you just played.

Whenever you see a 1 next to a 2 against a wall, you know that the

space opposite the 2 is a mine. This is because there can only be one mine in the

two spaces adjacent to the 1, which means the second mine must be

adjacent to the 2 in the final space.
