One of the main ways that we work out how to calculate a percentage of a number is by converting the percentage to a decimal first. In order to do this, we find 1% of the number by dividing it by 100%. Once we've done that, we multiply our answer by the value of the percentage we're looking for.

Why did Google remove the game? As stated previously, the game's graphics and general gameplay resembled that of Garena Free Fire. So, when it was removed from the Play Store, there were concerns that it was due to a complaint made by the management at Garena, claiming the game to be a Free Fire clone.
