Skins are virtual items that you can accumulate inside a video game

to decorate weapons or characters. Skins sometimes give the player an advantage in the game, but most skins are just cosmetic items to customize the look of the character.

Scoring. You can run a "GROSS" skins game, where handicaps are not used, or a "NET" skins game, where

a player's handicap is used to calculate a net score on each hole, and the net score is used to

determine the outcome. Each pot is separate, and both games can be

run concurrently.
